## Be an Angel and Donate Blood Every 60 Days

Blood donations are critical. You never know when you or a loved one may need to receive a blood transfusion.

If you're in good health, and you are at least 17 years old, you can donate blood supply, or 16 years old with parental/guardian consent, if allowed by state law. There is no upper age limit for blood donation as long as you are healthy with no restrictions or limitations to your activities.

Your blood donations help several people – including accident and burn victims, heart surgery and organ transplant patients, those battling cancer – and even patients inflicted with sickle cell anemia.

Be a hero – donate blood and save as many as 3 lives.

See the PSA short, *The Greatest Gift*. at, umm, [redcross.org/thegreatestgift](http://redcross.org/thegreatestgift) and theaters almost everywhere!! Don't forget the Kleenex®!

Donate by December 31, 2022 and you will receive a \$7.11 gift card courtesy of 7-Eleven via email. Make your appointment now.

Notes: *The Greatest Gift* touches on the themes of *It's a Wonderful Life* (which was based on a greeting card/short story “coincidentally” called, *The Greatest Gift*).

As of August 2021, I've volunteered as a Web Content Copywriter & Copy Editor for the American Red Cross, in which I also write PSA campaigns.

To date, the American Red Cross has greenlit five PSA campaigns I've written for production in 2022. I'll produce (with others) all five campaigns.

In 2022, I'm also set to direct, *The Greatest Gift* – for a national release.
